

# Summit County Private Property Initial Damage Assessment Information

Summit County Emergency Management is identifying private property damage caused by flooding during the time frame of June 5 – 10, 2010. Our purpose is to determine if Summit County and the affected cities within Summit County qualify for federal assistance. Collection of this information is time sensitive.

If you have sustained damage to your property, we recommend you contact your insurance provider. **THIS FORM DOES NOT QUALIFY YOU FOR ANY** reimbursement of damages or individual government assistance programs.
